

Holds and Challenging a Date

In order to help facilitate planning for our promoters, the Copernicus Center will accept a "Hold" on a future date. This does not require a deposit or a contract. This is simply a declaration of interest by the promoter.

In the event a second (or 3rd) promoter is interested in the same date, the Copernicus Center will record their holds in the order received.

Challenging a "HOLD"

We will challenge a "HOLD" upon receipt of a signed cost estimate AND a check for the deposit. We will give the parties with the "HOLD" 24 hours to deliver the required documents after which time, if the deposit and contract are not received the date will be confirmed to the Challenging party.

Your check will not be cashed until the Challenge has been won. If unsuccessful, the check will be voided and returned.
